You can buy a ticket with a chip 250 dinars (for each person) and charge credit. The transportation for two zones (like from airport) costs 150 dinars (of extra credit) and in town 89 dinars. One can charge any amount of money but they don't return unspent later on. There are also touristic tickets for 1, 2, 3 days, which you can use instead, see the picture bellow.

The tickets are sold at newspaper and tobacco stands. Every time you enter the transportation you should validate it. There are touch screens with sensors at every entrance in the vehicle.
